

REMARKS

The Applicant refers to the Patent Office Letter of July 12, 2007, the only remaining objection in this application appears to be one based upon obviousness-type double patenting against the Applicant's U.S. Patent No. 7,040,659. To overcome this rejection the Applicant submits herewith a terminal disclaimer. It is expected that this should now place the application in condition for allowance.

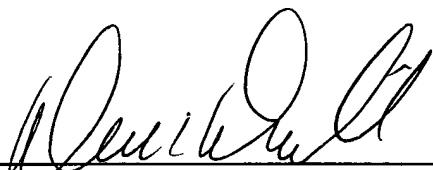

CONCLUSION

In view of the foregoing amendments and remarks, the Applicant respectfully submits that all of the claims pending in the above-identified application are in condition for allowance, and a notice to that effect is earnestly solicited.

If the present application is found by the Examiner not to be in condition for allowance, then the Applicant hereby requests a telephone or personal interview to facilitate the resolution of any remaining matters. Applicant's attorney may be contacted by telephone at the number indicated below to schedule such an interview.

Respectfully submitted,
Andry Lagsdin, Applicant
